On

War, The Middle East and Journalism

Robert Fisk led British newspapers to properly characterize the event of 1915 as genocide. He has widely published first hand evidence of the death marches in Syria. In *The Great War for Civilization*, he dedicated an entire chapter to the Armenian Genocide, which he titles "The First Holocaust."

Pity the Nation

THE ABDUCTION OF LEBANON

"Robert Fisk's enormous book about Lebanon's desperate travails is one of the most distinguished in recent times, as well as one of the most anguished and hard-bitten... Fisk's reportage has a power which one expects but so often does not get from journalists."
